

Daily Learning Task 1

Year 5

Maths

Focus: Rounding to the nearest 10, 100, 1000

Can you remember the rules for rounding numbers?

1, 2, 3 and 4 round down to the one before. 5, 6, 7, 8, 9, round up to the next in line.

1. Watch the video: <https://vimeo.com/452571114>

2. Next, complete the worksheets!

Extra: can you create a poster or video to explain rounding to someone younger?

Password: your 4 digit code and your initials (e.g. 1234NR)

English

Focus: Word classes - nouns verbs and adjectives

Word class is a category of words, which are grouped together due to similar form or function.

There are 8 main word classes. Can you remember them?

Today, we are going to focus on 3 different ones:

1. Nouns

A noun is a naming word. It can name a place, person, thing or feeling.

Common nouns are the easy nouns to remember.
For example, simple naming words like table, boat, man.

They are used to name **everyday things and kinds of people**.

Proper nouns

Proper nouns are used to name particular people and places.
A proper noun always begins with a capital letter.

Examples

Names - Jim, Betty, Mr Smith
Days of the week - Monday
Months of the year - April
Significant events -
Easter or Christmas

Collective nouns

Collective nouns describe a group or collection of people or things.

Examples

army, bunch, team, swarm, flock

Abstract nouns

Abstract nouns describe things that cannot actually be seen, heard, smelt, felt or tasted.

Examples

sleep, honesty, boredom,
freedom, power, love, anger

2. Verbs

Verbs are 'action' or 'doing' words. They describe what is taking place. In the example below, the **subject (noun)** in the sentence is doing the **action (verb)** and the **object (noun)** is having the verb done to them.

Examples

Mr Pansini **threw** the ball towards **me**.

Threw is the **verb**. It is the past tense of **throw**.

A sentence needs a **verb** in order for it to make sense. Without a verb, it is a phrase.

3. Adjectives

- Adjectives are describing words. They describe and add detail about the noun/s in a sentence.

- Adjectives are usually **before** the noun
e.g. **stunning** sunset

but they can also come **after** the noun.
e.g. The sunset was **stunning**.

You can use adjectives in pairs or lists for impact too.

You need to separate lists of adjectives with commas.

e.g. The **dynamic, enchanting** girl finally graced us with her presence.

Now that you have recapped these word classes, complete the English activities.

Maths worksheet

1 Use the number line to help you complete the sentences.

63 rounds to to the nearest 10

74 rounds to to the nearest 10

67 rounds to to the nearest 10

78 rounds to to the nearest 10

2 Round each number to the nearest 10

a) 48

548

248

1,748

b) What do you notice about your answers in part a)?

3 Round each number to the nearest 100

a) 1,532		1,552	
1,542		1,562	

b) What do you notice about your answers in part a)?

4 Round the numbers to the correct values.

a)	743	b)	9,867
to the nearest 10 is		to the nearest 10 is	
to the nearest 100 is		to the nearest 100 is	
to the nearest 1,000 is		to the nearest 1,000 is	

5 a) Circle the numbers that round to 650 when rounded to the nearest 10

653 655 645 545 648 641

b) Circle the numbers that round to 5,400 when rounded to the nearest 100

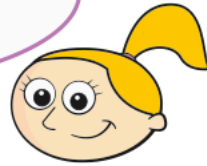

5,430 5,450 5,380 5,340 5,425 5,325

c) Circle the numbers that round to 12,000 when rounded to the nearest 1,000

12,475 11,780 12,399 12,111 11,999 11,501

6

I'm thinking of
an integer that is 370 when
rounded to the nearest 10

Complete the sentences.

It cannot be less than

It cannot be more than

It must be between

and

It might be

7

Complete the table.

Number	3,561	9,730	21,075	903
Rounded to the nearest 10				
Rounded to the nearest 100				
Rounded to the nearest 1,000				

8

- a) Mo makes a 4-digit number using the digit cards.
His number rounds to 9,100 to the nearest 100

What number does Mo make?

- b) Kim makes a different 4-digit number using the digit cards.
Her number rounds to 10,000 to the nearest 1,000

What does Kim's number round to, to the nearest 10?

9

37 rounded to the
nearest 100 is zero.

Is Dexter correct?

Draw a number line to represent your answer.

A large, empty rectangular box with a purple border, intended for drawing a number line.

English - word classes tasks

1. Look at the word class information above.
- 2.

Task two - Proper noun game

Think of an example for each of these, beginning with the letter 'L'

1. A chocolate bar	
2. A famous person	
3. A town or city	
4. The first name of a child in this school	
5. A famous singer or group	
6. A country	

3.

Sort the following nouns into their correct sub-category in the table below.

hatred	Boxing Day	joy	team
baby	St Paul's Road	horse	banana
opinion	pack	herd	Mr Butler
sea	jealousy	street	Buckingham Palace
	Meghan Markle	family	

[illegible]

4.

For each of the basic verbs in the stars, try to think of more interesting and sophisticated verbs you could use instead and write them around the star.

You will get one point for each improved verb!

5.

Describe the scene below. Use as many adventurous and sophisticated adjectives as you can. You may use a thesaurus to help you up level your language choice. Underline your adjectives.

[illegible]
